

## One day Workshop on Implementation Challenges of RFID Technology & LMS Integration at VSL, IIM Ahmedabad.

### About Workshop

One Day Workshop Series on Implementation Challenges of RFID Technology & Integration with ILMS is mainly targeted at imparting knowledge to the participants on various aspects of implementing RFID Technology in library environment. RFID Technology has been a challenge for various librarians due to the investment involved and indepth technology know how that is required. Librarians who are already managing so many technologies within the library premise now have one more technology to manage both in terms of convincing the higher authorities and face challenges during implementation of RFID in the library.

### About Adinet

ADINET(GujLibNet) is a Network of Libraries and Information Centers in Gujarat. It was established in 1994 with an initial grant for a few years from National Information System for Science and Technology (NISSAT), Department of Science and Industrial Research, Government of India, New Delhi.

The main vision of ADINET is to join Libraries, to enable them to achieve what cannot be done by one library alone. This will help them to harness their limited resources and collective strengths so that Libraries can continue to play their historic role as society's portal to information. ADINET therefore promotes sharing of resources and disseminates valuable information by networking libraries.

### About RapidRadio

RapidRadio has 12+ years of experience in the field of library automation using the RFID technology. We have successfully completed more than 150+ library automation projects and our hardware is compatible with more than 10 library management software across India. All our products are based on ISO standards & international interchange protocols like ISO 15693, ISO 18000-3 Mode 1, ISO 14443A, ISO 28560, NCIP V2.0 & SIP 2.0.

### Objectives

- *Impart knowledge on key technical concepts around RFID projects*
- *Create awareness about basics of RFID Technology & Its benefits*
- *Decode "Funding to Procurement" process & challenges involved*
- *How ILMS Integration is key in RFID System implementation*
- *Witness Live demonstration of complete RFID System*
- *Promote community discussion around RFID Projects*

### About IIM Ahmedabad

Indian Institute of Management, Ahmedabad was set up by the Government of India in collaboration with the Government of Gujarat and Indian Industry as an autonomous institution in 1961. The Institute provides education, training and consulting and research facilities in management. In addition to its flagship two years Post Graduate Programme in Management (equivalent to MBA), the Institute also offers Fellow Programme in Management (equivalent to Ph.D), Post Graduate Programme in Management for Executives, Faculty Development Programme and Executive Education Programmes.

Vikram Sarabhai Library is an invaluable resource for students, researchers and faculties of business and management. The library has over the years built a robust collection of over two lakh print items in addition to more than hundred databases providing scholarly and industry/company/country information. The library, spread over 48,000 sq. ft., also provides access to the best of business and management related digital resources.

## Date & Venue

**Saturday, 06-JULY-19**  
**IIM Ahmedabad**

## Who should attend

- Librarians
- Assistant Librarians
- Principals
- Professor Incharge ( Libraries)

# One day Workshop on Implementation Challenges of RFID Technology & LMS Integration at VSL, IIM Ahmedabad

## Program Schedule
