CREATIVITY WORKSHOP FOR 21ST CENTURY LIBRARIANS

with

Prof. Arpan - Penn State Univ.
Creativity Expert \\ TEDx Speaker \\ Author

This session will focus on two important aspects of creativity—problem identification and problem solving. You will be introduced to Creative Aerobics. Creative Aerobics is a set of four interconnected mental exercises that enable and empower you to optimally utilize the left and the right side of your brain to access novel ideas and solutions that were previously available but not accessible. Creative Aerobics allows you to get in touch with your inner creativity and unleash your creative potential.

Date: 17 June, 2020 // Time: 11:00 AM - 12:30 PM

To ensure confirmed participation a Registration Fee
of Rs. 200/-will be charged.
