

# INDUSTRIAL INFORMATION ON GUJARAT - 2024

Advance Information Network of Libraries in Gujarat

PREPARED BY

**Dr. Shailesh R. Yagnik** Hon. Director, ADINET DESIGNED BY

**Dr. Shilpa Pandya** Librarian, GIDM

#### PREFACE

It is one of the mandates to facilitate the sharing of resources among Gujarat's libraries and information centers. ADINET has extended its activities to contribute to various identified industry and industry associations. This will also be helpful to startups and entrepreneurs. Information is highly dispersed, and getting information in one place is a big time-saving help, and decision-makers can make accurate decisions. This is one way to contribute indirectly to the economy of Gujarat by ADINET in providing the required resource links of the government systems in one place. Everybody is not that efficient, like librarian Professionals, in searching the information, and every industry/MSME/ startup/ entrepreneur can have the luxury of having a library facility. Considering all these aspects, this source guide has been prepared by the ADINET.

These sectors, namely Agriculture and Allied Industries, Automobile and Components Industry, Ceramic, Chemicals, District as Export Hub (DEH), Export-Import House, Gems & Jewelry, Information on Gujarat, Information Technology, Manufacturing, One District One Product Pharmaceuticals, Refining & Petrochemicals, Textiles, Tourism contributes to the economy of the Gujarat State.

The ADINET has used all authentic sources to compile this information. For each sector, the state departments, the Indian Brand Equity Foundation (IBEF) for reports and news, the Industry Commissionerate, the central ministry websites related to a sector, related links, Industrial Extension Bureau of Gujarat, Invest India, etc., have been consulted and taken links from there to facilitate the users.

It covers information related to the annual report of ministries, news, statistics, associations, markets, education, schemes, investment, Export-Import, parks, incentives, etc., for ready reckoners.

This compilation will be helpful to the various sectors, potential entrepreneurs, startups, educationists, students, and bureaucrats for their day-to-day purposes in Gujarat state and others who want to come to Gujarat.

You can reach out to us for further information to the ADINET.

DR. SHAILESH R. YAGNIK

HON. DIRECTOR, ADINET
